

US 41 Beaver Dam Box Culvert Project

Schedule: April 2013 to May 2014

Location: US 41 (Shawano Ave. to Velp Ave.)

Description: This project will complete the construction of the new Beaver Dam Box Culvert between Shawano Avenue and Velp Avenue on US 41, a new storm water pond in the northwest quadrant of US 41 and Velp Avenue, and reconstruct the cul-de-sac's of Island Court and Lone Grove Avenue.

May 19 to May 23: Crews continue to work on finishing items.

May 27 to May 30: Crews anticipate switching the northbound off-ramp to Velp to the new alignment. They will also work on completing their finishing items.

Traffic Impacts: No traffic impacts anticipated.
