

Schedule: July 2013 through April 2015.

Location: I-41 from Duck Creek to Lineville Road including the Lineville Road (County M) Interchange.

Description of project: This project will reconstruct I-41 mainline between Duck Creek and Lineville Road and includes reconstruction of the Lineville Road (County M) interchange.

April 20 to April 24:

Work on the preliminary punchlist will continue. Staining of all structures will continue.

May 4 to May 8: Work on the punchlist continued. Staining of all structures to be completed.

Traffic Impacts: Southbound and northbound traffic is on the newly constructed pavement. Traffic is traveling within two 12 foot lanes in each direction with drummed 10 foot shoulders. Workzone speed limit is 55 MPH. Northbound and southbound I-41 will experience single lane closures weeks of April 27 and May 4 for punchlist and staining operations. Southbound I-41 ramps to and from Lineville Road will be closed the nights of May 1, 2 and 4 for a traffic switch.
