

Schedule: September 2016 to October 2016

Length: 0.071 miles **Description of work:** The project includes safety improvements at the northeast and southeast quadrants of the WIS 15 and Casaloma Drive intersection consisting of concrete splitter islands, concrete pavement, improved curb radii, and traffic signal upgrades. Additional work includes ancillary concrete, asphalt pavement, permanent signing, erosion control and landscaping.

October 17 to October 21: The contractor completed the work that needed to be done under the 7-day maximum closure that restricted right and left turns from WIS 15 to northbound Casaloma Drive. The work included removing pavement, placing base aggregate, installing storm sewer, grading, and paving concrete pavement and curb gutter in the northeast quadrant of the intersection. They also worked on placing concrete sidewalk and pedestrian curb in the southeast quadrant of the intersection. The electrical contractor installed signal bases and bored conduit under Casaloma Drive and WIS 15.

October 24 to October 28: Throughout the week, the electrical contractor will continue work on installing signal bases, conduit, pull boxes and wire, and the landscaping contractor will be placing topsoil and seed. In the middle of the week, the contractor will be asphalt paving the roadway and trail on the north side of the intersection. Toward the end of next week, the contractor will be installing signs and pavement marking. The contractor will also be completing pavement removals, placing base aggregate and placing concrete sidewalk.

Traffic impacts: From Wednesday, October 26 through Friday, October 28, the following lane closures may be in place between 9 a.m. to 3 p.m.:

- Eastbound WIS 15 right through lane - from 1200' west of the intersection to 100' east of the intersection

- Westbound WIS 15 right through lane - from 1200' east of the intersection to 100' west of the intersection

All week the following lane closures may be in place anytime:

- Eastbound WIS 15 right turn lane from 450' west of the intersection to the intersection

- Eastbound WIS 15 median left turn lane 450' west of the intersection to the intersection

- Westbound WIS 15 median left turn lane - from I41 southbound ramps to the intersection

- Westbound WIS 15 right turn lane from 450' east of the intersection to the intersection

- Southbound Casaloma right and left turn lanes – from Converters Drive/Victory Lane to the intersection

- Southbound Casaloma right through lane – from the intersection to 200' south of the intersection

Westbound WIS 15 right turn lane will be closed from 450' east of Casaloma Drive to 50' east of Casaloma Drive with traffic still able to turn right from westbound WIS 15 to northbound Casaloma Drive from the right through lane. The right lane on northbound Casaloma Drive will continue to be closed from WIS 15 to 1000' south of WIS 15 for the remainder of the project.
