

US 41 Project Business Group Meeting

Lombardi Avenue and Oneida Street Interchanges

The Wisconsin Department of Transportation (WisDOT) invites you to attend a business group meeting for the Lombardi Avenue and Oneida Street Interchanges. This meeting will review transportation management plans that are being developed for the area including:

- Overview of construction activities and schedules
- Construction staging scenarios created for the interchange areas
- Alternative access routes to minimize impacts during construction

Beginning this month, construction will start on the Glory Road Bridge over US 41. Lombardi Avenue interchange construction is scheduled to begin in spring 2012, Oneida Street interchange construction in spring of 2014 and construction along US 41 mainline between Glory Road and 9th Street in summer 2013.

Transportation management plans are important because they determine how construction is staged and what strategies are needed to keep traffic moving through the construction zone. This is an opportunity for you to provide input on local needs as WisDOT begins development of transportation management plans for this area.

When and Where

June 29, 2011
7 a.m. - 9 a.m.

US 41 Brown County Project Office
1940 West Mason Street, Green Bay
Presentation at 7:15 a.m.

Schedule a workshop with WisDOT

In addition to the business group meeting, project staff will be available to hold small group workshops with interested businesses to discuss specific issues. These meetings can be located at your business or at WisDOT offices and can be geared towards your specific questions.

Contact information

If you would like project updates and notices of future meetings related to the Lombardi Avenue and Oneida Street Interchanges via email, please submit your email address to Cynthia De Vor at Cynthia.Devor@dot.wi.gov

If you have questions or would like to schedule a workshop, please contact one of the following WisDOT staff members:

Kris Schuller
